Face Plate & Face Plate Blank

These High Quality Face Plates will not only enhance the aesthetics of your environment but will also afford protection for your hardware from everyday erosive and corrosive elements. This protection closes off your wiring and circuitry from dust, dirt and grime and protects personnel from electrical shock and other hazards.

They are available in many varieties to meet your networking and connectivity needs both with Electrical Boxes and Low Voltage Eliminators. This versatile design will accommodate RJ11, Category 3, Category 5e and Category 6 Keystone Jacks as well as BNC Connector Couplers, F Connector Couplers, RCA Connector Couplers and any Fiber Optic Connector Coupler.

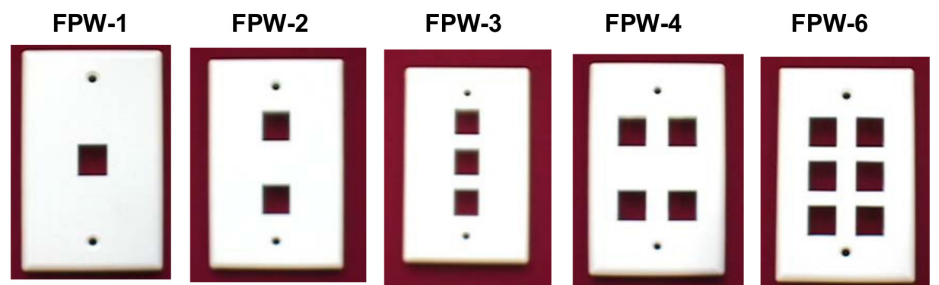

Features:

- UL Listed 9G62
